

# Take *your* maternity co-production to the **next** level

Let us help you with free adaptable resources to support Trusts and Local Maternity and Neonatal Systems ( LMNSs) in collaborating with service users and Maternity Voices Partnerships (MVPs) to improve local maternity services.

The South East Region Maternity Co-production Working Group has created a bank of free tools to support Trusts and LMNSs:

- A resource pack on co-production
- A gap analysis tool and maternity-specific guide
- Inspiring good practice examples
